Very Important

- It is your responsibility to see that the Cake is delivered in time. Preferably 2 hours before the reception.
- Dietary requirements must be discussed prior to the time.
- If the Bride will be late and Ceremony is in the venue it must be discussed privately with the planner, this way it keeps things more controlled.
- A timeline is drawn up to guide you to use the time wisely for all the formalities to be filmed in time as well as to avoid disappointment with the food. The kitchen only works on a time that is agreed upon with the Bride and Groom.
